Recreation Committee News

With sobering news reports swirling around us, we need to take time to step away from the stress of every day life and nourish our souls. It's a good time to read some poetry, and of course, it never seems quite as good as it does when we read it out loud.

Many people in the park are keeping busy; closets are getting cleaned, garages now have a face lift and many forgotten chores are being done. The other day I saw Ken Malanca working in his yard, and Maryanne Meyers is busy on her sewing machine making masks. Joyce Pinckney is dreaming up things for people to do in the newly formed Communication Club, and Mary Ann Schulte is working on a new dance routine to teach her dance class. I heard there was also a spontaneous golf cart parade in some parts of the Villages, and the beat goes on!

President Diane Ponter isn't resting on her laurels either. During this forced hiatus she's dealing with many of the normal "behind the scenes" activities that take so much of her time. She's gearing up for some fun things for us to do when we can again assemble. Let's hope it's sooner than we think.

Notes from the Board

The Board wanted to update the Community as follows:

1 - We have finally received word from FSR that they are releasing the employees that work here from their contractual obligations. This frees us to retain all of the current employees who work here.

2 - We wanted to remind everyone that your HOA assessments can now be made directly to the office by either mailing, or bringing in a check to the office. Some may desire to set up their own payment method through their own bank.

3 - Lastly, the Board thanks you for your continued support during these difficult times.

As always, if you have any questions, please let a board member know.

Respectfully,

The Board of Directors

ARCHITECTURAL COMMITTEE NEWS

“The Virus Doesn't Affect Our RFCs”

By Rick for the Architectural Committee

Well, isn't it wonderful that not everyone is sick with the Virus? A lot of folks are getting Cabin Fever though, and are getting things done outside, around the house. This is evident in the report that there are more people at Home Depot than usual. This is a good thing, but don't forget to pick up a Request For Change form (aka, RFC) at the office. Just either call Lupe at the office, or knock on the office door, and Lupe will give you a form. After you fill out the Request For Change, drop it in the office Mail Box slot next to the door (on the wall at the right side of the door).

The Architectural Committee will look over your *Request For Change* form, and issue the Villages' yellow Permit. This is to be placed where it can be seen from the street during the course of your project (in a window is fine). Please, **DO NOT** start working on your projects until you receive the Villages' yellow Permit. Also, any construction work over 4 feet high may need a Town of Prescott Valley permit, so check with them.

The CoronaVirus doesn't affect our RFCs. Even though the Villages' activities are shut down for a while, the Architectural Committee will still be working, to help you with your outside project plans (so that your plans will be in compliance with the CC&Rs (particularly section #3). We will not be meeting with you at a regular meeting, as before. Instead, we will look over your RFC, and contact you about approval or denial.

HOWEVER, IF your project could be delayed for a while, until the Virus problem eases up some more, the Committee would appreciate it.

If you have questions you may call any of the members of the Architectural Committee. They are: Rob Sheaffer, Bill Johnson, Silvia Cortez, Nancy Larson, John Black, Carl Shulak, and Rick Merrell. Our phone numbers and lot numbers are in the Villages' Directory. If you don't have one, you may pick one up at the office.

Your Friends and Neighbors,

Your Architectural Committee
